WORK EXPERIENCE

Temple University CIS Dept.   Jan. 2016 - Present
Teachers Assistant (TA)
TA for two classes: *Ethical Hacking & Intrusion Forensics* and *Introduction to Digital Forensics*.

Temple University CIS Dept.   Oct. 2015 - Present
Lab Consultant

Paoli Hospital   June 2014 - Sept. 2014 & June 2013 - Sept. 2013
Junior Volunteer
Working with patients and transporting them between rooms/departments. 52 hours of service each summer for two summers, bringing the total to 104 hours.

EDUCATION

Undergraduate   Aug. 2015 - Present
Temple University
B.S. in Electrical Engineering, Concentration in Computer Engineering.
Member of the Honors Program.

High School   Aug. 2011 - June 2015
Downingtown East High School
Graduated on June 5, 2015 with 4.0 weighted GPA. AP courses: European History, Computer Science A, US History, Chemistry, Statistics, US Government and Politics, Biology, Environmental Science, Calculus AB

EXTRACURRICULARS

Second Place @ HackNY XIII (Hackathon)   April 2, 2016 - April 3, 2016
Made Toast Printer, a machine which toasts images of the user's choice onto a slice of bread. A Python script in the background parses the image while an Arduino with two stepper motors guides a hot wire around different areas of the bread.

Other Hackathons   Nov. 2013 - Present
Hackathons are programming/engineering competitions which typically last 24 to 36 hours.
Hackathons I have attended: Pilot Philly 2013F, PennApps 2014S, MHacks IV, PennApps X, PennApps XI, PennApps XII, BigRed//Hacks 2015, HackRPI 2015F, DragonHacks 2016S, PennApps XIII, HopHacks 2016S, HackTCNJ 2016S, HackNY XIII, Bitcamp 2016S

TUDev   Aug. 2015 - Present
TUDev is Temple University's hacker community. We organize meetings, Code@Nights, a MLH Local Hack Day for Philadelphia, hackathons, and bring Temple students to other hackathons. I was an officer during freshman year, and am currently the president of the organization.

ACS ChemClub   Nov. 2011 - June 2015
Member since freshman year. Elected to be treasurer during junior year, and president during senior year.

Science Olympiad   Dec. 2013 - June 2015
Member since junior year. Elected to be president during senior year.

Top Ten @ Mhacks IV (Hackathon)   Sept. 5, 2014 - Sept. 7, 2014
Made HackerRoom, a Chrome extension that allows users to collaboratively edit Github repos/files in real-time, like a Google Doc. Made using the Firebase API.

Rocket Club (Website Manager/Officer)   Aug. 2013 - June 2014
Our team placed 66th (out of 95) in the national Team America Rocketry Challenge Team America Rocketry Challenge. It was one of two teams from Downingtown East HS to qualify for nationals.

Second Place @ Pilot Philly 2013F (Hackathon)   Nov. 9, 2013 - Nov. 10, 2013
Made AutoFlip, a virtual notecard app that utilizes various technologies, including cloud computing and voice recognition, to always have the most recent and relevant point for you to glance down at.
